Library User Orientation Program 2018-19 - Report

Introduction-

The Library is a pivotal part of the education and learning process. Its very existence depends on the usage of its resources by the students, faculties. User education aims at promoting and maximizing their use by library members. Orientation program offered to first year students. User education is essential for the proper and maximum utilization of information resources available and accessible in the library. Hence every year our college library conducting this program for newly admitted students.

Objective of library orientation Program-

The main objective of the user orientation is to introduce the library facilities, resources, services and library techniques to the users to be familiarize with library.

User orientation is a program of instruction, education and exploration provided by libraries to users to enable them to make more effective, efficient and independent use of information sources and services to which these libraries provide access.

Method of Orientation Program-

- 1) Lecture
- 2) Demonstration
- 3) Library tour

Purpose of Library user orientation program-

Libraries spend money on acquiring books, journals, and other reading material. They have to be optimally used by the users. It has been observed that users have inadequate library skills, they need to be taught about different skills which are required for navigating in the library and using the resources.

In library orientation program following instruction and information given to newly admitted students to help them to make the best use of a library.
